Hello:

I found six folders under Administrative Record/Submissions with 72 files.
I found an empty "Technical Documents" folder.
I found an empty "Permit Package" folder.

Does that sound correct? Want to be sure the extract worked correctly.

Thanks,

Mike Warren

Per Vincent Agusiegbe's request, here is the CES Mendota Class VI Permit Application in a zip file. We had shared this application with CalGEM back in April of this year. Please download the file in this folder by 8/17. Let me know if you have difficulty accessing the folder.

Sincerely,
